

Sleep Well My Darling

Alto/melody

Sleep well, my darling
How I longed for you
Sleep well, my darling
I tried and tried for you.
Hear the waves breaking
Against the rocks at sea.
Time and tide will flow again
And take those endless dreams.

Sops and Bass

Sleep well, *my* darling (*my* =sops)
How I longed for you
Sleep well, *my* darling (*my* =sops)
I tried and tried for you.
Hear the waves breaking
Against the rocks at sea.
Time, tide, flow again
And take those endless dreams.

No Limbs to Bathe

No limbs, no limbs to bathe
No hands, no hands to hold
No hair, no hair to brush
No feet, no feet that need measuring.
No cakes, no cakes to bake
No rules, no rules to break
There is no one there, no one to say
There is no one there to say
I love you.

Dreaming of Feeling Your Skin

Altos melody/bass

Dreaming of feeling your skin against mine
Love with nowhere to go
Be brave dear heart, with the broken smile
Stay brave dear heart all the while.

Dreaming of feeling your skin against mine
Love with nowhere to go
Be brave dear heart, with the broken smile
I am strong and whole.

Sops

Endless dreams of tender days
Where do I go now?
Welcome dawn again once more
I am strong and whole.

Endless dreams of tender days
Where do I go now?
Welcome dawn again once more
I am strong and I am strong and whole.
